OFFICE OF THE MASSATTAR GAS 50.

New York, Peb 16 1835

Hent, Fernando Wood, Mayorr-Deak Six Since our conversation at the Massatz office vesterday, I have seen conversation at the Massatz office vesterday, I have seen the formed the mode against the Company, which charges, which the waynavers, have produced an answerable in pression to the public of the Mary of the Correct, as charged that we or our workmen have been carriess, or have not come all that could be done to remedy the mary company of the public of the carriers, or have not come all that could be done to remedy the way company of our property.

go through their districts and high all the lamps they can thee for return and energy to clear those which are more than the provided with which, and to do my the pipes when other are supplied with which, and to do my the pipes when other means to clear their which are forced to the pipes when other means to clear their late they find that they cannot make means to clear their late they find that they cannot make the late that the property of the works the next mortaing. On a late the lighters and to examine the lanes which are not lighted and, if possible to clear and light them, and if upon the report of these men it is found that a lamp lighter has not faithfully done his duty, he is found that a lamp lighter has not faithfully done his duty, he is active, intelligent and efficient. He is provided with a horse are wagen and has acople authority to do all that is necessary to be done and to discharge any wan in his department who are critically and the section of the earth that the gas-pipes sink, and then the instruct condenses within until the tape becomes thin, and the flew of use is stopped. The building of vaults and ewery disture the pipes and with all the care that can be taken as the pipes, but when the ground is frozen it is not a way possible to do so. These are the only instances in which earth and as the pipes, but when the ground is frozen it is not a way possible to do so. These are the only instances in which earth and as the pipes, but when the ground is frozen it is not a way possible to do so. These are the only instances in which earth and we were disturbed to do on the substantial and the ground is forced in which earth and we were disturbed to do on the substantial and all high to, has done, and is done all that earth and we have hearth and we have been to comply with your wholes, and to the pipes are the coly instances in which and the provention of the substants.

delay occurs. We that that this explanation was the summaries show that the Manhattan Gas Light Co, has done, and is done all that can be done to comply with your wishes, and to Babt the streets properly.

The recent co of weather, has been more severe than any we have has or years. This Company has over 6, for street lamos and if during such weather, we have here able to keep them berraing, with the occasional exception of some two or three hundred reported by the Postre, nearly all of which were closured and ready for lighting before the raper reached us through the Lamp and Gas Department, we think we have given redefence not only of our determination to fallfill our ebligations to the public but also of the faithful manner in which the lamp lighters en ployed by as have done their duty. In sever that there may be no misunderstanding on the subject, and as an earnest of our desire to give the public the evidence of what has been done and is deling, we would suggest the appendix on the matter and recommend a plan, if they can device one, which in their judgment, will be more efficacious than the one now pursued by us.

Your obedient sevent.

President of the Maschattan Gas Light Co.
